BED- Preschool to Junior High School
Letran Calamba

Dear Students and Parents:

Welcome aboard to the Basic Education Department!

As the Basic Education Department- Preschool to Junior High School gears toward the opening of classes for academic year 2021-2022 on August 16, 2021, preparations for the various activities are done. To continuously promote holistic development among its learners and the academic force, 3Cs of the support system (School, Teachers, and Family) shall be experienced. These 3Cs comprising of Cooperation, Collaboration, and Compassion intend to help every learner and family achieve learning and growth aspects through Empowered academic force; Expanded Learning Experiences; Effective Support system; and Enhanced BED programs and learning resources.

This year, the curriculum and instruction aspects of the department start with amplification of learning experiences through tech-based activities from digital citizenship to digital transformation. This significantly intends to provide customized learning experiences among the students by improving personalized, flexible, and online distance learning. Likewise, BED academic leaders aim to

1. Form groups of digital natives to make an academic organization that will promote the use of technology in both learning and virtual interaction;
2. Produce a virtual or online educational technology camp to develop their potentials;
3. Design webinars for the learners to foster experiential learning;
4. Build and increase holistic competencies among students by participating or organizing virtual competitions aligned with the learning objectives and outcomes of the program; and
5. Promote excellence by acknowledging the student's efforts.

To sustain this flexibility in learning, Basic Education department shall intensify the power of performance, professional development and networking relationships of BED Faculty members, administrators, and staff towards increased competencies, productivity, and capabilities to ensure the transformation shall occur from traditional to digital migration. As such, teachers shall be prepared and supported with relevant learning equipment, digital platform and virtual laboratories to empower them to become authentic co-learners of their students. Likewise, they will be equipped with pertinent workshops and trainings aligned with the increase of learning experiences through social-emotional learning, technology, innovative practices, and research. Further, to engage them in tech-based activities and demonstration, they will be undergoing related projects for teachers and parents. Most importantly, to provide teachers with professional avenue, a team of Tech-Drivers called Digital Leaders shall be organized in the department to revolutionize learning among students.

Most importantly, with re-learning what we know and re-discovering what we can do, we will be able to have a great partnership. As the Academic Head, I believe as well that we are one in promoting a culture of respect, perseverance, honesty, open-mindedness, change, responsibility and accountability, and optimism among our learners, your children.

Let us welcome this coming academic year with a smile on our faces and a hope that life will be better soon. Always remember that we need each other to win the challenges that we will face.

As I always say, every child can succeed. They can make a difference!
Thank you very much and God bless you.

Respectfully yours,

MS. NORMA BARDOS-VILLAMOR, LPT, MA
